

SAGIV - RV/CARAVAN UTILITY ACCESS POINTS

Partnering for Flow Control

RV/Caravan Utility Access Points by SAGIV, Elegant, easily installed, external utility points

» BARBECUE POINT

- › Outside gas access point for barbecue, heater and LPG appliances
- › Safe - the fitting locks in place upon turning
- › Robust and durable - the product is made of high quality materials
- › Easily installed using a core drill
- › Well styled compact design
- › Cover locks open and closed
- › Two hose exit angles
- › Meets the requirements of EN 331 Standard RV/Caravan Utility Access Points by SAGIV Elegant, easily installed external utility points

» EXTERNAL SHOWER POINT

- › Outside Hot & Cold shower point for multiple applications
- › Simple turn-on and temperature adjustment by turning the fitting
- › Detachable hose and swivel for storage
- › Locks in place upon turning to prevent accidental detachment when on
- › Robust and durable - the product is made of high quality materials
- › Three models: UK, Europe and North America
- › Easily installed using a core drill
- › Well styled compact design
- › Cover locks open and closed

» TECHNICAL SPECIFICATIONS

- › Max working pressure: 10 Bar (water valves), 7 Bar (gas valve)
- › Meets the requirements of EN 331 Standard
- › Plastic parts made of high quality materials with long-term UV resistance
- › Max working temperature of water valves - 85°C (185°F)
- › Corrosion-resistant materials suitable for potable water and LP Gas
- › Total sealing between device and wall of prefabricated structure
- › Total sealing between cap and the connection device
- › Pressure reduction to 1.5 bar in water inlet
- › Backflow prevention devices at hot and cold water inlets to prevent back syphonage due to negative pressure
- › High quality pressure resistant nozzle with 360° swivel connections at both ends of the hose for greater convenience
- › A variety of quick connection fitting types

» WATER INLET

- › Comes with a pressure limiter to prevent damage to internal piping installation
- › Fits universal garden connections
- › Dual usage: Water fill-up from mains supply and from tank
- › Comes with air vents to release excess air during filling
- › Simple installation
- › High quality materials
- › Cover locks open and closed

» ELECTRICAL OUTLET

- › Safe external usage of electrical appliances
- › Water proof, even when a power plug is connected
- › Complies with IP56 standard
- › Uniform design
- › Comes in a variety of power socket types

Pipes Lengths

- › Water Hose for shower point: 1.5m & 3m (5ft & 10ft)

Connection Device

- › Body (gas valve)- Hot forged brass alloy CW614
- › Body (water valves)- Hot forged brass alloy DZR (dezincification resistant)
- › Additional brass parts (gas valve) - Brass alloy CW614
- › Additional brass parts (water valves) - DZR Brass
- › Plastic unit- Polycarbonate reinforced with 30% glass fibre
- › Lever handle- ABS (Acrylonitrile Butadiene Styrene)
- › UV resistant
- › Hinges, springs and screws: stainless steel
- › Ball valve and spout in shower point: Chrome- nickel plated DZR brass

Gaskets

- › Gas valve: rubber NBR gaskets conforming to EN549 standard
- › Wall gaskets and cap gaskets - UV and ozone resistant EPDM (Ethylene Propylene Diene Monomer - Synthetic rubber)
- › Ball valve seals: PTFE
- › Rubber gaskets: EPDM approved for drinking water according to WRAS

Installation

- › Cut a 60mm hole with a core drill and affix with self-drilling screws
- › Connect pipes with standard fittings

ABOUT SAGIV

In the heart of the Negev

Located at Mashabei Sadeh, Sagiv is Israel's leading company for the production and export of ball valves, special valves and accessories on demand. These allow full control of water, gas, petrol and oil flow. Our products are integrated within many systems in industry, construction, air conditioning and agriculture.

International Presence

Our plant exports its products to the most advanced and demanding industrialized nations in the world along with developing areas who are seeking advanced flow control solutions.

Close to the Customer

Our R&D department works in close liaison with the engineering divisions of our clients. In this way we can give responses in real time to the unique requests that often arise with client projects.

Excellent Reputation

Sagiv has earned a reputation for high quality, creativity and reliability. As a result of our extensive experience on the industry and our passion to solve the challenges introduced by our customers.

Financial Strength

Sagiv is equally owned by Kibutz Mashavey Sade and by Gaon Agro Industries Ltd. – a subsidiary of Gaon Holdings Ltd, one of Israel's leading investment companies. Gaon Agro deals primarily in the water infrastructure industry, water related projects and agriculture.
