

SAGIV - ODM & CM SERVICES

sagiv

Partnering for Flow Control

The Sagiv offering is threefold: Sagiv Standard Products, Sagiv Original Design Manufacturer (ODM) Services, and Sagiv Contract Manufacturer (CM) Services.

» SAGIV ORIGINAL DESIGN MANUFACTURER (ODM) SERVICES

- › Sagiv offers its engineering power, forty years' of design experience, its creative and innovative approach, and its engineering facilities – all of which are yours for the asking. There is no additional charge for these uncompromising services - but a commitment to manufacture the units at Sagiv's advanced manufacturing facilities (see above) is assumed.

Sagiv's engineers are always ready to brainstorm, analyze and develop 'tailor-made' engineering solutions for any challenge that may be introduced by our customers

» SAGIV CONTRACT MANUFACTURER (CM) SERVICES

- › Sagiv's manufacturing know-how and advanced manufacturing facilities - which incorporate brass hot forging, state-of-the-art precision machinery, and advanced assembly lines - are all available for you. Simply send us your drawings, specifications and any additional requirements (such as surface finish), and you will receive a competitive quotation.

Our advanced technology, strict quality control, and partnering approach, makes sagiv the ideal supplier for your next project

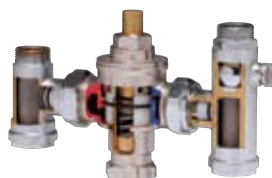

SAGIV - THE IDEAL SUPPLIER

Electro Fusion Brass Components

LP Gas and Natural Gas Components

TMVs & Tempering Valves

ODM & CM SERVICES

How about a short quiz???

Simply answer the questions below and your reward could be a reliable supplier with high standards that can offer you a creative flow-control solution!!

What are you searching for?

- › A quality supplier for one of my existing units.
- › A company that can custom-made my next unit.
- › A company that can restructure one of my existing units.
- › A trash-can to get rid of this paper...

How well do you know Sagiv?

- › I know Sagiv very well.
- › They do ball valves for water and gas.
- › They offer high quality and reliable ODM & CM services
- › Isn't it a new model Korean car ?

How to continue from here?

Please have a look at Sagiv's newly designed web site: www.sagiv.com where you will find detailed information about Sagiv, its products and its services.

If you are searching for a reliable supplier to contract manufacturing one of your existing units - Please send us the unit drawings & specifications for a quick response.

If you are interested in developing a custom-made unit or wish to restructure one of your existing units – Please contact us and share your ideas. Our engineers will brainstorm and get back to you with a technical solution that meets your challenge, based on a win-win approach.

ABOUT SAGIV

Since 1971 Sagiv has been providing quality flow-control accessories and sub-units to companies around the globe. Located in the heart of Israel's southern desert, Sagiv offers engineering & design know-how in fields such as Gas, Fluids & Air, Solar Thermal, HVAC and more. Sagiv has earned a reputation for high quality, creativity and reliability – a result of our extensive experience on the industry and our passion to solve the challenges introduced by our customers.
